

# Earn to Learn

Lifestar Ambulance Service, Inc. has partnered with several other top notch agencies located in Illinois to establish a new concept in EMS in Illinois.

As we all know there are many jobs available in EMS starting as the Basic EMT and on further to The EMT-Paramedic Program.

Lifestar has purchased The Training texts and have them available in our library for new "sponsored" students to use for their courses as long as they have an agreement and are **SPONSORED** by Lifestar.

Lifestar will accept up to twenty five young men and women to start an "accelerated" EMT-Basic class starting around the first of September this year.

Lifestar Ambulance Service, Inc. will pay you an hourly wage while you are going to school and if you successfully graduate and become a certified Emergency Medical Technician we hire you as a full-time Emergency Medical Technician with a nice wage and benefits.

If you would like to know someone who has some interest in getting into a very rewarding and stable career in EMS please contact Roger Campbell-CEO or John Wright-COO at 1-800-

541-9188. You may also visit our website at

[www.lifestarambulance.net](http://www.lifestarambulance.net) to obtain email address for either or both along with division managers for all cities we serve.

There will an application process and there are conditions that apply to the training and hiring process. You may fill out a questionnaire sheet and get the process underway as soon as possible.
